Arctic,
stylish
storage with
infinite
variations.

Arctic -storage with simple and clean design

What characterizes the Arctic series is the sleek design and its flexibility. The range includes cabinets and sideboards with drawers and doors that open up with a simple touch. The storage has no visible handles. Its clean design makes it easy to place in any kind of room.

Arctic

Design Rolf Fransson

Arctic is white as base with options of different fronts. The options for the fronts are matt white, white high gloss, white or dark structure. The top is available in 7 different colors. Want a combination of Arctic that is not standard, please contact our customer service or use the configurator tool located on our website: www.abstracta.se/voice.
