## dinamica - 308

Stool with structure in stove enamelled steel; seat and base in expanded polyurethane.

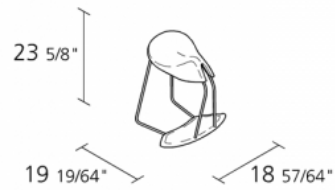

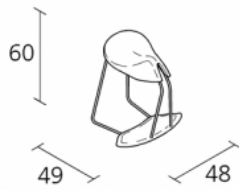

design

A new stool that combines mobility with comfort. Dinamica embraces the holistic and physical benefits of active movement, with the comfort of a traditional static seat. The ability to alternate

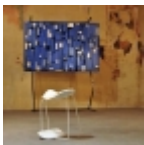

between both a mobile and resting posture results in a dynamic seat that positions the body at its working best. A radical and innovative project; this stool is has a steel tube frame (paint finished) with a polyurethane "self-skin" seat and base. The lines are rigorous and clean - the effect both robust and refined with a formally light structure.

## Dimension

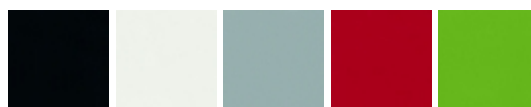

Year warranty: 10 years  
Production time: 4 weeks  
Fire-retardancy  
Boxes number: 1  
Max.number pieces per a box: 1  
Volume in m<sup>3</sup>: 0,16  
Gross weight in Kg: 7
