

Design: Tomoyuki Matsuoka 2001

small island

L80 Small Island

Foldable low table. Frame in chromed steel. Top of layer-glued birch finished in oak veneer, black stained oak or white laminate. Other finishes available for projects. The straight tabletop is called Long Island and has the same measures as Small Island. Small Island is a member of the Island range which contains Small Island, Big Island and Long Island. They are available as tables and benches.
