GIRO, pouf system
Design: Claesson Koivisto Rune
Casamania, 2013

Giro is a system of poufs that develop in a series of circular seats.

Like a whirlwind unfurling, thanks to the size of its diameter, into a series of three poufs, each one appears diverse from the last depending on your standpoint. Giro takes up the game of hula hoop, its movement; it moves in a three-dimensional space and its colour lends it tone, shading.

Materials and finishes

Stuffing: cold cure foam.

Upholstery: non-removable fabric.

Size

Large: ø 114 cm – H. 38 cm

Medium: ø 88 cm – H. 42 cm

Small: ø 70 cm – H. 42 cm
