LAMMHULTS

LAMMHULTS OCH MILJÖN

För att minska resursförbrukningen och påverkan på miljön arbetar Lammhults med tidlös design för långt produktiv. Vi utvecklar och producerar produkter från material som har minsta möjliga miljöpåverkan och inte resulterar i restprodukter utan kan material- eller energiåtervinnas. Vi strävar efter att förhindra utsläpp i alla våra processer och arbetar med att successivt reducera miljö- och klimatmässiga fotspår från vår produktionslinje. Lammhults är certifierat enligt ISO 14001 sedan 1998 och fortsätter att arbeta kontinuerligt med miljöfrågor för att försäkra minsta möjliga miljöpåverkan.

OM SVANEN

Svanen är en av de främsta miljömärkningarna i världen. När du ser detta märke på varor eller tjänster betyder det att de har klarat hårda miljö- och klimatkrav. Kraven skärps kontinuerligt. Det betyder att produkter märkta med Svanen blir bättre och bättre ur miljösynpunkt. Läs mer på: www.svanen.se

LAMMHULTS AND THE ENVIRONMENT

To reduce the consumption of resources and the environmental impact, Lammhults work with timeless designs for long product life. We develop and produce products from materials that have the least possible environmental impact and do not result in waste but can be recycled as materials or energy. We strive to prevent pollution in all of our processes and work to successively reduce the environmental and climate footprint of our production facilities. Lammhults is certified according to ISO 14001 since 1998 and continues to work with environmental issues to ensure the least possible environmental impact.

ABOUT THE NORDIC ECO-LABEL

The Nordic Ecolabel is one of the toughest environmental labelling systems in the world. When you see this label on products or services it means that they have passed tough environmental and climate criteria. These criteria are also continually revised and improved making products labelled with the Nordic Ecolabel better and better for the environment. Read more at: www.ecolabel.se
