

CAP

Here we have a small and versatile stool which is easily accessed and ready for impromptu meetings at workstations, or good simply as extra seating in meeting rooms or lounge environments. Cap has a straightforward, self-explanatory design which takes its inspiration from thimbles and hats. Its distinct shape and light weight means moving it could not be more simple. Cap is made from fitted felt, which creates a sound absorbing effect. The plastic ring is available in five different colours. A stacking trolley is available as an optional extra.

VARIANTS

	W	D	Ø	H
			410 mm	425 mm
	460 mm	460 mm		1310 mm
				

MATERIALS
