Contas.
540 range

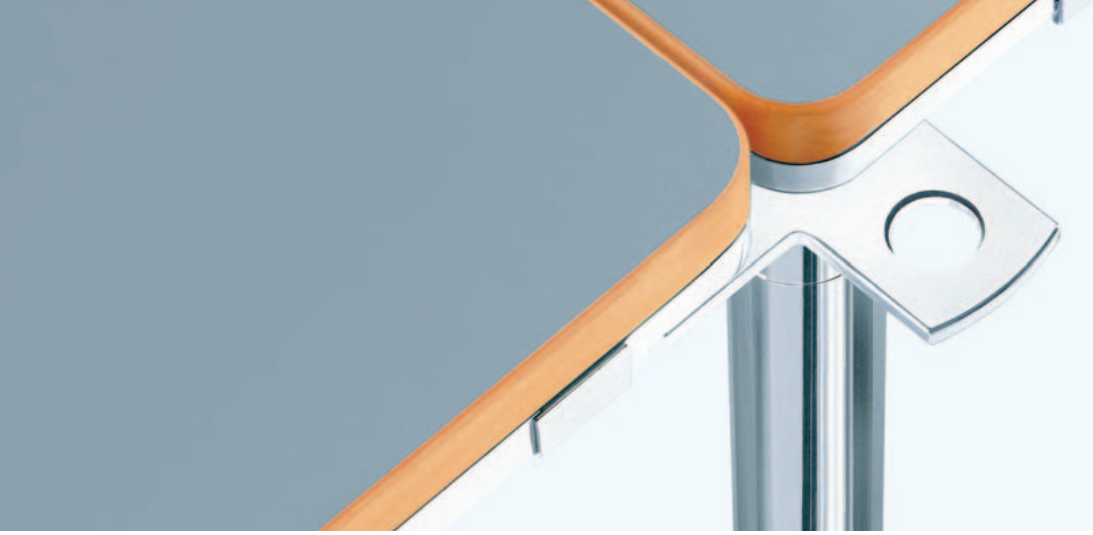

Contas

Design: wiege, Fritz Frenkler,
Anette Ponholzer

Flexible, lightweight table range for
multifunctional conference, training and
seminar environments. The understated,
classically elegant form reveals an ingeniously
intelligent, modular system.

Combination of two fixed-leg tables model
540/25 with connecting leaf model 541/25

The essence of Contas is the patented multiple corner connector of the fixed-leg and folding-leg tables: it has a simple, swing-out mechanism to take one or two connecting leaves. This allows complex table configurations to be assembled, modified and disassembled quickly and without the use of tools.

Contas. Intelligence with interest.

There is no better guarantee for successful corporate development than the ability to recognize, embrace and implement new techniques efficiently. Activation of staff potential to this effect depends mainly on the promotion of communication and learning. This, in turn, is largely influenced by interior design ...

With Contas, an investment in an intelligent, high-quality, enduring furnishing solution will pay quick dividends. The table system, with perfect attention to detail, not only promotes efficient learning, but also offers interesting cost benefits for facility management: single tables, linked rows of tables, horseshoe or block grouping – Contas table configurations can be adapted to the number of participants, method and the shape of the room in no time at all. The innovative, lightweight sandwich construction, the patented interlocking mechanism and the ingenious integration of all functions provide considerable savings in time and maintenance crew costs. Furthermore: Contas is convincing due to its understated, classically elegant design. To promote communication and learning on a high level.

Elegantly simple, simply elegant.

If you select Contas, you will see that practical versatility does not exclude prestigious quality: the ingenious multiple connector plates allow the slim table legs to harmonize perfectly with the aluminium edge profiles. The profiles are integrated flush into the lightweight sandwich table tops at half-edge height and provide the range with optical lightness. They also permit easy insertion of optional modesty panels or linking of single tables.

To form table configurations, simply extend the swing-out plate of the multiple connector on the tables, position connecting leaves and lock in place. For functional, elegant conference solutions with endless options for change. Always different, but always pleasing.

From a conference to a high-quality company restaurant: in addition to a finish in fine real wood veneer, Contas tables are also available with industrial-quality tops, for example in laminate. Such versions can withstand a high degree of wear and are therefore suitable for furnishing a canteen or a company restaurant. For such settings, a combination of the classically elegant Contas table system with extremely transparent and graceful Aline multipurpose chairs has proved to be a perfect match.

Modesty panels, comprising aluminium frame covered in semi-transparent material, provide a degree of privacy without changing the characteristic aesthetics of the tables.

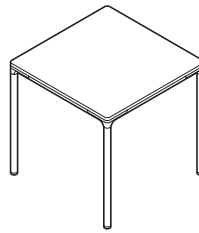

Simple – multiple.

The secret of providing system solutions lies in the possibility of creating a countless number of versatile combinations using a structured set of very simple, coordinated, basic modular forms.

Coupled with extremely high demands on material quality, surface finishes, engineering and aesthetics for a perfect combination of flexibility and longevity ...

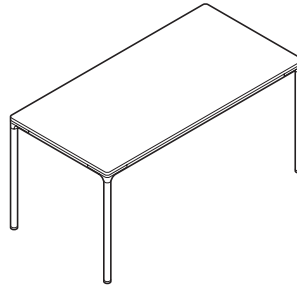

- Square, rectangular and hexagonal tables in two table depths, combined with four forms of connecting leaf, cover almost all requirements in terms of table configurations.
- The intelligent combination of single tables, folding-leg tables and connecting leaves allows compact, standby storage of elements.
- Integral connecting and retention mechanisms permit fast assembly, reconfiguration and disassembly without the use of tools.
- Innovative materials reduce weight, facilitate handling and save maintenance crew costs for reconfiguration.
- Surface finishes, materials and construction are of high aesthetic quality, technically sophisticated and sturdy – to withstand frequent reconfiguring.

Fixed-leg/folding-leg tables

540/11 Fixed-leg table/Folding-leg table
75 x 75, H 73 (29½" x 29½", H 28¾")

540/22 Fixed-leg table/Folding-leg table
90 x 90, H 73 (35⅜" x 35⅜", H 28¾")

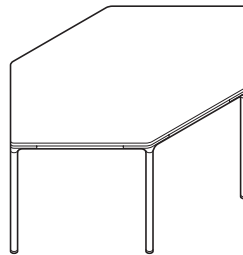

540/15 Fixed-leg table/Folding-leg table
75 x 150, H 73 (29½" x 59", H 28¾")

540/18 Fixed-leg table/Folding-leg table
75 x 180, H 73 (29½" x 70⅞", H 28¾")

540/25 Fixed-leg table/Folding-leg table
90 x 150, H 73 (35⅜" x 59", H 28¾")

540/28 Fixed-leg table/Folding-leg table
90 x 180, H 73 (35⅜" x 70⅞", H 28¾")

540/17 Fixed-leg table/Folding-leg table
75 x 75 x 75, H 73 (29½" x 29½" x 29½", H 28¾")

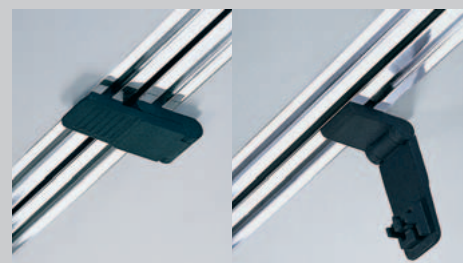

540/27 Fixed-leg table/Folding-leg table
90 x 90 x 90, H 73 (35⅜" x 35⅜" x 35⅜", H 28¾")

All dimensions in cm/inches

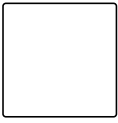

The stackable folding-leg tables are fascinating and practical: place the table with the top face down, turn legs to release, pull up, fold up and snap into the integral retaining clamp. This automatically exposes the separators, which provide a soft, non-slip buffer for stacking purposes ...

Interlocking connectors, slotted into the frame profiles, permit single tables to be linked easily, for example in a block configuration, and a 90° connecting leaf to be firmly attached at both ends.

Connecting leaves

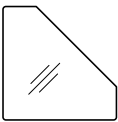

541/11 Connecting leaf
75 x 75 (29½" x 29½")

541/22 Connecting leaf
90 x 90 (35⅜" x 35⅜")

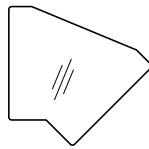

541/15 Connecting leaf
75 x 150 (29½" x 59")

541/25 Connecting leaf
90 x 150 (35⅜" x 59")

541/19 Connecting leaf 90°
75 x 22 x 75 x 22 x 75
(29½" x 8⅝" x 29½" x 8⅝" x 29½")

541/29 Connecting leaf 90°
90 x 26 x 90 x 26 x 90
(35⅜" x 10¼" x 35⅜" x 10¼" x 35⅜")

541/10 Connecting leaf 45°
75 x 15 x 75 x 15 x 75 x 24 x 24
(29½" x 5⅞" x 29½" x 5⅞" x 29½" x 9½" x 9½")

541/20 Connecting leaf 45°
90 x 15 x 90 x 15 x 90 x 26 x 26
(35⅜" x 5⅞" x 35⅜" x 5⅞" x 35⅜" x 10¼" x 10¼")

All dimensions in cm/inches.

Technical details

Frame

Legs in round tube Ø 38 mm (1½"), bright chromium-plated or coated. Adjustable glides (with disc profile on folding-leg table version) in black polyamide for soft floors (standard) and in black polyurethane for hard floors (please specify when ordering). Optionally, as a stackable version (integral separator) with legs that are locked in place by means of a retaining clamp integrated into the table top. Leg retaining clamp in black polyamide.

Table tops

Thickness 34 mm (1⅜"). Lightweight sandwich construction comprising a slim plywood outer with a re-constituted paper honeycomb core, with flush aluminium edge profiles, bright chromium-plated or coated. Multiple connector plate/retention mechanism on tables and connecting leaves in die-cast zinc, bright chromium-plated or coated; with separator on folding-leg tables and connecting leaves.

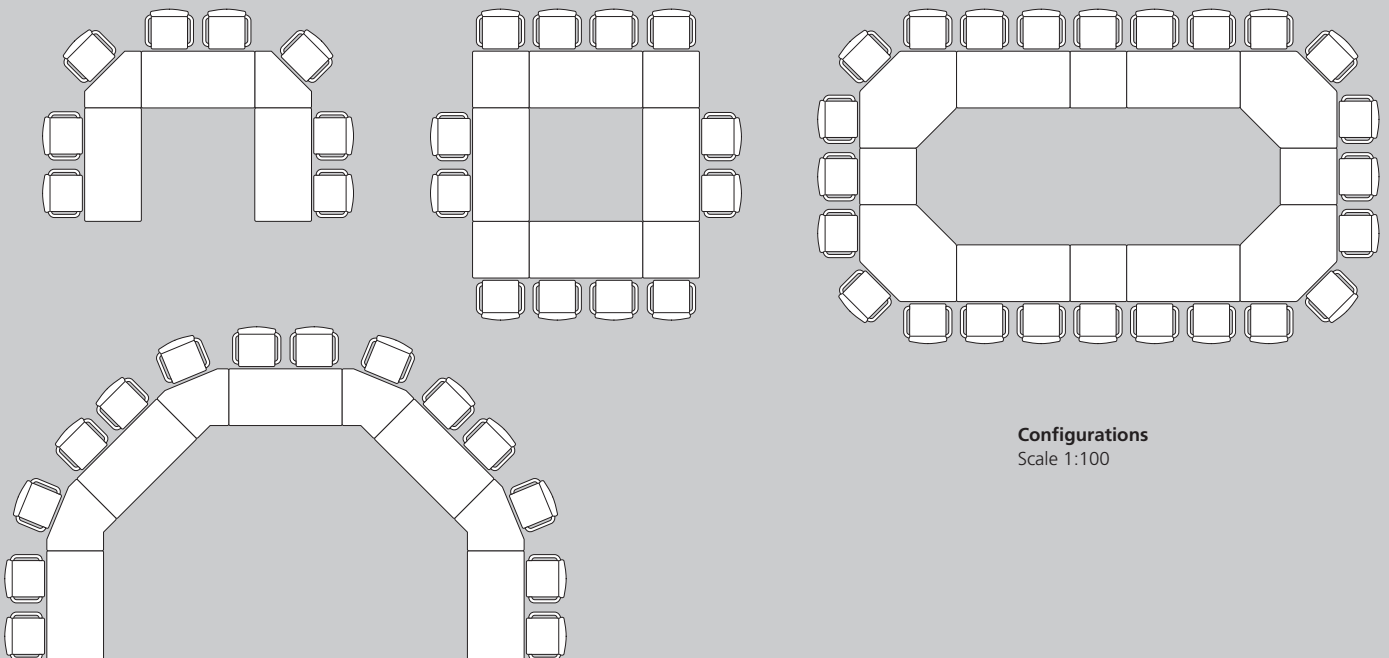

Solid wood lipping; table top in laminate, real wood veneer, optionally with natural finish or woodstained, or in linoleum according to Wilkhahn colour samples.

Accessories

Modesty panels, interlocking connectors.

Special versions of frame and table top finishes available on request.

Subject to technical change without notice.
