**Concept**  
The Collage 600 Pendant creates atmosphere and is at the same time changeable. The pattern which is staggered on the shades made out of three layers of acrylic gives the fixture an almost endless row of combinations of patterns. New experiences are made when shades and light come alive and changeable through the patterns. The refraction of the light is controlled - and yet still uncontrolled.

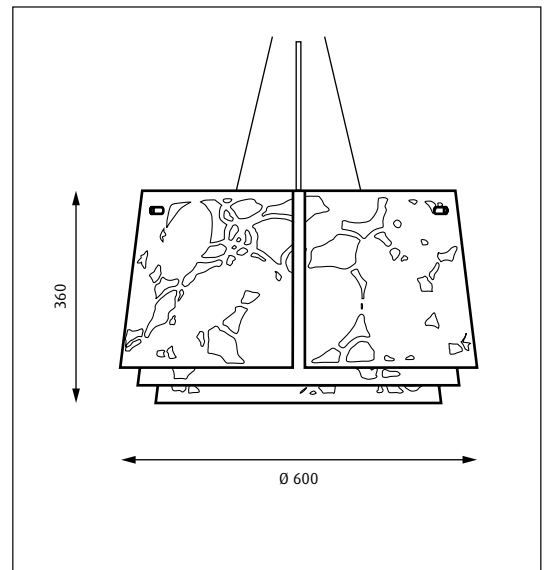

**Finish**  
Hotlips (pink), juicy orange (orange), lemon yellow (yellow), smoke screen (smoke-tinted) or snow white (white).

**Info notes:**  
The colours (except for snow white) are mixed by hand. Consequently, the four coloured versions are not stock items and therefore a longer delivery time must be accounted for. The fixture comes with an unique identification number. Find energysaving alternative light sources on [www.louispoulsen.com](http://www.louispoulsen.com).
