## Boutique Naked

“Why don’t we love our sofas like our handbags? Why is it so difficult to buy one? And why do we buy one sofa to last the best part of a lifetime?” It was pondering these questions that gave well-known designer Marcel Wanders a novel idea. As a result Moooi Boutiques are opening their doors all over the world. Presenting a revolutionary concept which makes buying a sofa not only easier, but also much more fun. Conceived, developed and designed by Wanders himself, this concept consists of a set of “naked” seating units ready for dressing in a whole range of unique covers.
