Agatha, the lamp that blooms.

Agatha, created by Spanish designer Luis Eslava for LZF, is a hanging lamp whose shape is achieved through the concentric superposition of materials. Same as in every LZF object, its lines remind us of those we find in nature: a flower, a tree, an animal. Light in aspect, Agatha suggests simplicity and originality. This lamp “blooms”, forming a semi-spherical object, in two different sizes: 76 cm x 37 cm and 140 cm x 80 cm, or expanding to form a full sphere: 76 cm x 76 cm. Available in 8 different finish tones, Agatha can be adapted to a wide range of spaces: private homes, contract, ephemeral settings, and many more.

Agatha, la lámpara que florece

Agatha, diseñada para LZF por el español Luis Eslava, es una lámpara de suspensión cuya forma nace de la superposición concéntrica. Como ocurre en todas las creaciones de LZF, sus líneas nos recuerdan a las que encontramos en la propia naturaleza: una flor, un árbol, un animal... De aspecto ligero, transmite sencillez y originalidad. Esta lámpara “florece” en un sentido semiesférico - en dos tamaños diferentes, 76cmx37cm y 140cmx80cm - o en una total expansión circular - 76cmx76cm -. Disponible en 8 acabados -tonos- distintos, Agatha se adapta a multitud de espacios: hogar, contract, montajes efímeros, etc.
