**Armadillo, a new texture for light**

Armadillo, is a design by Spanish designer Eslava. Its shape reminds us of that strange mammal from Southern America whose activity starts at sunset. Armadillo gives a warm light, almost as timid as this little animal's attitude at dawn.

The lamp, woven in a coat of superposing scales, features a unique play of light and shadow. The textured material of the armour opens a whole universe of decorative ideas. It's sifted light gives the place a genuine warmth that proves perfect for public or private interiors.

**Armadillo, nueva textura de luz**

*Armadillo, diseñada por el español Luis Eslava, recuerda en sus formas a ese curioso mamífero de América Meridional cuya actividad, precisamente, comienza con la puesta de sol. Armadillo ofrece una luz cálida, casi tímida, como la actitud de este animal durante el amanecer.*

*La lámpara, tejida en un abrigo de piezas que se sobrepone unas a otras, ofrece un juego de luces y sombras único. El material texturizado de su armadura nos abre un inmenso mundo de ideas decorativas. Su luz tamizada otorga a los espacios una calidez auténtica, perfecta para interiorismos privados o públicos.*
