**Carambola-S, honesty in the shape**

Carambola attracts our attention with its honest shape. Conceived by Óskar Cerezo, a designer of Basque-Swiss origins now settled in Berlin, its insinuating roundness and the wood/white light play, give off a diffused light and create a pleasant effect on our environment. The Carambola is bathed in oriental reminiscence ver apparent in the pendant version

Thanks to the simplicity of its lines it features a wide range of uses: private homes, commercial areas and ephemeral architecture...

**Carambola-S, honestidad desde su forma**

*Carambola atrae por la honestidad de su forma y ha sido creada por Óskar Cerezo, un diseñador de origen vasco-suizo afincado en Berlín. Las redondeces que se insinúan y su juego entre madera y blanco, crean una luz difusa y un agradable efecto en el ambiente. Carambola tiene reminiscencias orientales, algo que se observa con mucha claridad en su versión de techo.*

*Gracias a esa simplicidad de líneas, es utilizada en una gran variedad de ambientes: hogar, espacios comerciales, arquitecturas efímeras...*
