Ray Power

### **Link, geometry for the senses**

Irishman Ray Power designed the Link family for LZF with a rigorous study of form and geometry. Made up of Moebius strips piled on top of one another, it confers great warmth thanks to an interesting light and shadow play.

Link has been awarded the Design Plus Material Vision'07 award for the use of LZF's famous Polywood®.

### **Link, geometría sensorial**

*El irlandés Ray Power ha diseñado para LZF la familia de lámparas Link. Con un afinado estudio de la forma y la geometría - formada por un conjunto de cintas de moebius-, el resultado es una luz cálida, con un intenso juego de luces y sombras.*

*Link ha sido merecedora del premio Design Plus Material Vision'07, por el uso que realiza de la chapa tratada de LZF, Polywood®.*
