Pod, undulating seeds

Designed by German Burkhard Dämmer, Pod is next in kin to hanging version Poppy, both of which represent the most natural version of this artist's achievements. Pod is more compact, elongated and its slats are less separated than in Poppy. Based on the arranged repetition of shapes a curvy plasticity is achieved whose sustained rhythm is strengthened by the light coming through the wood slats and projecting onto the desired surroundings. Pod is available in two sizes (47 x 49 cm and 53 x 60 cm). Its compact, oval shape reminds of a fruit or a seed.

Pod, semillas ondulantes

Diseñada por el alemán Burkhard Dämmer, ésta prima hermana de la lámpara de suspensión Poppy ofrece la versión más natural de los productos creados por el artista alemán. Pod es más compacta, sus lamas están menos separadas que en el caso de Poppy. A base de una repetición ordenada de las formas se consigue una plasticidad ondulante y de ritmo pausado, que gana fuerza cuando la luz atraviesa naturalmente las lamas de madera y se proyecta en el espacio. Pod se presenta en dos medidas (47x49cm y 53x60cm) y su forma compacta y ovoide, recuerda a un fruto o a una semilla.
