

## coat stands

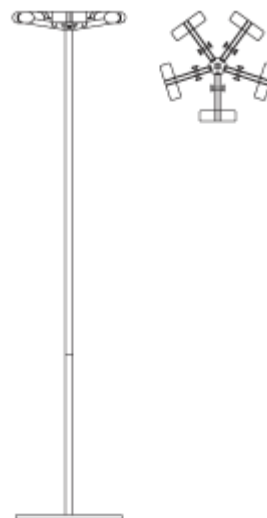

### Velvet

#### Design:

Marleen Valstar

As per demand, the Velvet series offers coat stands with 3, 4 or 5 arms, with or without integrated umbrellastand (for 3 umbrellas). Even more capacity offers the free standing umbrella stand (for 7 umbrellas). For wall mounted solutions one can choose the Velvet Wall coat hook with 1 or 3 arms. Made of mat polished anodized aluminium. Large coat hooks in white, black or orange keep the coats well in shape. Small coathooks give additional capacity. The heavy base ensures a very good stability.
