

# Wall In One

Wall In One is a wall-hung workstation designed to make life easier, particularly at workplaces with a high degree of mobility.

This could include workstations for sales personnel, in hotel lobbies, at hospitals or as booking stations at conference and business centers. Wall In One may, however, also be used in schools and universities and would not be out of place in the home office.

## WALL IN ONE

Wall In One is made from white laquered or veneer moulded wood. The back plate is made from MDF board and the frame is white lacquered as standard.

To achieve a sound-absorbing effect, it has been covered with felt fabric: Europost in 9 colours.

Special customer colour/material can be ordered per request.

Description	Art no	W x H x D mm
Wall In One, white laquered shelf	112 400 90	1010 x 1210 x 550
